DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 9, 2006 has been entered.

Communication

Applicants' submission of Supplemental Information Disclosure Statement on May 9, 2006 has been received and carefully considered and the submission does not affect the patentability of the claimed subject matter.

Claims 2, 3, 5-9 and 14-22 have been cancelled without prejudice by Examiner's Amendment mailed February 9, 2006.

Claims 1 and 23 are allowed for the same reasons as indicated in the previous Reasons of Allowance and repeated herein.

Reasons for Allowance

Art Unit: 1617

The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious the claimed method for treating a subject having rheumatoid arthritis comprising delivering to the subject an effective amount of an L- or D- compound of the formula set forth in claims 1 and 23.

Cited prior art of record, Lacey et al. is the inventor's own work that was published less than one year before the effective filing date of instant Application and instant inventor has filed 37 C.F.R. 1.132 Declaration that the prior art was published on the inventor's behalf and the instant invention related to the treatment of autoimmune disorder (i.e. rheumatoid arthritis) whereas the prior art of record relates to the treatment of cancer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer Kim whose telephone number is 571-272-0628. The examiner can normally be reached on Monday through Friday 5:30 am to 2 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sreenivasan Padmanabhan can be reached on 571-272-0629. The fax
